CELEBRATING
150 YEARS

2017 ANNUAL REPORT
This was my final year before retiring from Federal Service. I am blessed that I was able to serve our Veterans for over 33 years. I want to thank the staff at the Dayton VA Medical Center. Any success I have had is due to the culture they created while surrounding our Veterans with the care they earned by defending our freedoms.

I also want to thank the leaders of the Miami Valley. One of our core strategies for success was based on community collaboration. Like the leadership of Mr. Lewis B. Gunckel in 1867 that resulted in the Dayton becoming the site of one of the original Soldier Homes, the leaders of our community rallied around your Dayton VA Medical Center to assure outstanding care was provided. Accomplishments like Lyons Place II, the selection of the Dayton VAMC as the site for the National Department of Veterans Affairs History Center, and the installation of a Fisher House on our campus would not have been possible without their support.

Finally, I want to thank our Veterans. You deserve to receive the best medical care possible. You set the bar very high -- and rightly so. I am glad we exceed your expectations as demonstrated by our four star rating which represents the top quartile of the 163 VAMCs nationally, and your willingness to recommend the Dayton VAMC to other Veterans. With your help, we were able to bring care to more than 5,000 additional Veterans this year!

*Psychiatric Residential Rehabilitation Treatment Program

- Hosted the Annual Welcome Home event and the first ever Family Movie Night with the Dayton Dragons at Fifth Third Field celebrating Dayton Veterans and their contributions to their country.
- Strong community ties led to the signing of the memorandum of agreement naming the Dayton VA Medical Center the future site of the Veterans Affairs National History Center.
- Partnered with City of Dayton and Montgomery County Homeless Policy Solutions Board to effectively end Veteran homelessness in the local area.
- Generous donations throughout the year led to the groundbreaking of the Dayton VAMC Fisher House, to be finished in 2018.

Service to Veterans

- Outreach team attended 93 community events and gathered more than 4,000 applications from potential VA-eligible Dayton area Veterans.
- Voluntary Services hosted 872 activities with over 56,000 volunteer hours in support of our Veterans this year, with a 30 percent increase in donations.
- Started the first Dayton VA Farmers Market bringing in 15 vendors and multiple food trucks -- filling a void for fresh fare in the food desert of West Dayton.

Excellence in Veteran Care ...

- Achieved a 3-year accreditation from the Joint Commission
- Received American College of Radiology accreditation for the Radiation Therapy Department
- Hosted meeting with Premier Health, Air Force Research Laboratory, American Heart Association, and Laerdahl Corporation to explore opportunities for joint research ventures in cardiopulmonary resuscitation
- Renovated and modernized the Nutrition and Food Services building resulting in reducing the overall carbon footprint of the service while maximizing efficiency and productivity
- Hosted the Annual Dental Symposium for over 100 local attendees and VAMC employees
- Achieved Long Term Care Institute annual accreditation for our six Community Living Centers
- Expanded Veteran Transportation Service program to increase access to health care while reducing travel expenditures by 9 percent

- Eleven RNs graduated from the Dayton VAMC Transition to Practice Program
- Revamped the acute/same day appointment protocol to eliminate the need for non-eligible veterans to go to the Emergency Department to wait for a dental consult
- Aligned the Freedom Center to serve all Post-9/11 Veterans, aiding in the transition from DOD to VA care.
- Increased partnerships with community nursing homes and improved our highly service-connected Veterans placement options for long-term care and rehabilitation, close to home and/or near loved ones
- Hosted nine Reigniting the Spirit of Caring programs and six Relationship Based Care presentations for over 200 Dayton VAMC caregivers
- Implemented Resident Choice Meals in the Community Living Center to encompass relationship-based care principles and enhance the Veteran dining experience.
Don’t Take Our Word For It

Grace reviewed Dayton VA Medical Center — May 2
I always get good care at the Dayton VA. They do a great job with the resources they are given, and I have seen continual improvements over the last 8 years.

Kevin reviewed Dayton VA Medical Center — January 8
I was a staff member at a military hospital as a military member as well as a civilian spanning 26 years and the Dayton VA is far better than the care I received even at my own hospital. I have been cared for in the laboratory, pharmacy, radiology, ER, podiatry, physical therapy, dental and my primary care team and they all have been the best. Here I thought I was getting treated well at one of the largest military hospitals on the east coast, Dayton VA knows them away. Staff members go out of their way to assist you and if you look list for a second a staff member or even a fellow veteran will get to where you need to be! Thank you Dayton VA!

Barb reviewed Dayton VA Medical Center — February 11
They treated my family like royalty. My Dad had 2 stents in and is doing great! Thank you in on my way to pick him up now. Thank you for helping all the veterans much love and gratitude.

Marc reviewed Dayton VA Medical Center — June 25
Just saw a report on CNN, about terrible wait times etc... when I signed up, I had an appointment within two days, some of my medicine had to pays of $300, now just $11...have nothing but good to say, great job!!!!!!

Pete reviewed Dayton VA Medical Center — June 7
Went to the emergency room for chest pains. Medical personnel took me to the back immediately and hooked me up to an EKG, drew blood and got a chest X-ray using a mobile unit.
Thankfully, I was not experiencing a heart attack.

This was the first time I was in the ED and was out in 2 hours. I was in so much pain and appreciated not having to stay out in public space for any longer. The nurse and doctor were great! Special Thank you to you ladies 😊
