FOR IMMEDIATE RELEASE

DATE: 9/26/2018

Dayton VA Medical Center finishing work on Gettysburg Gate, beginning work on Liscum Gate

DAYTON, Ohio — The Gettysburg Avenue Gate to the Dayton VA Medical Center will re-open for entering and exiting the campus Monday, October 1, 2018.

The gate was moved from its original position to create a safer and more seamless ingress and egress to the campus from U.S. Route 35.

One week after opening the Gettysburg Gate, the campus will close its Liscum Drive Gate beginning Monday, October 8, 2018, to install a new gate and complete road improvements. This entrance is expected to re-open after approximately six weeks (mid – November). The north (ambulance) entrance off Liscum Drive will remain open during this time. See map below

This is part of an ongoing effort to make improvements to campus and improve campus security.
